

## Activity Research Template (R&D)

### Your Role:

- **R&D** producing work inputs **towards production** of client workshop materials, including facilitation guide, etc.

### Your Audience w/r/t this **Activity Research Template** document:

- Primary - **Mellonhead Instructional Design or Facilitators** that will leverage research materials to produce final client deliverables (workshop deck, resource, etc)
- Secondary - Mellonhead enterprise **client end users** who will consume workshop materials

### How To Use This Document:

1. **Fill out** each section, referencing **Standards Reference (R&D)** while drafting
2. When complete, review the **Self-Assessment Checklist** before submitting.
3. When ready, **copy + paste** into relevant Claude Project and run **Quality Scorecard skill**

## Objective

[One sentence: what problem we're solving, how, with what tool, for whom, toward what goal]

## Summary (optional)

[Recap the challenge and why AI is suited to this task, include any relevant high-level research]

[Should help Instructional Design and/or Facilitator frame the AI value-add / introduce a before/after mindset shift]

## Recommended (Mellonhead) Approach

[Key principles behind the approach and challenges encountered during research]

## Research supporting approach

[Include source citations]

## Pro Tips / Best Practices

[Tips to help users avoid or mitigate known limitations to prompts]

- [Tip 1]
- [Tip 2]

## When Things Didn't Work

[Common pitfalls encountered during testing and the techniques deployed to improve these results]

## Limitations / Caveats

[Considerations / things to look out for]

- [Limitation 1]
- [Limitation 2]

## Do's / Dont's

### ✓ DO

1. [Do this]: [Short sentence why / detail]
2. [Do this]: [Short sentence why / detail]
3. [Do this]: [Short sentence why / detail]

### ✗ DON'T

1. [Don't do this]: [Short sentence why / detail]
2. [Don't do this]: [Short sentence why / detail]
3. [Don't do this]: [Short sentence why / detail]

## Example prompts

[Note: Visually break down into micro-components if longer than one slide]

- Control: [prompt text]
- Control: [sample prompt response]
- Test: [prompt text]
- Test: [sample prompt response]

## Example instructions (for an agent buildout)

[Note: Visually break down into micro-components if longer than one slide]

- Control: [agent prompt instructions text]
- Control: [sample agent results]
- Test: [agent prompt instructions text]
- Test: [sample agent results]

### What this means for your teams

[One sentence answering "why does this matter?" + bulleted impact list]

### Guardrails & Rollout

[Governance, security, policy, and rollout considerations]
