

Common Pitfalls

Your Role:

- You are **conducting research** to support **production** of client workshop materials, including activity research, facilitation guide, etc.

Your Audience w/r/t this **Common Pitfalls** document:

- Primary - **Mellonhead facilitators** that will leverage research materials to produce final client deliverables (workshop deck, resource, etc)
- Secondary - Mellonhead enterprise **client end users** who will consume workshop materials

How To Use This Document:

- Scan and review activity research → Ask: are any of these **pitfalls present?**

Depth

Too dense / detailed

[Example: to be updated]

Too vague

[Example: to be updated]

Positioning

Wrong framing (i.e. not client-centric)

[Example: to be updated]:

No clear throughline or message

[Example: to be updated]:

Communication Style

Word salad and jargon

[Example: to be updated]:

Visual Standards

Inconsistent formatting across documents and sections

[why] Jarring to read, breaks cohesion

[Example: to be updated]:

Rationale

Conceptual guidance without executable mechanics

Pro tips or best practice sections describe what to do rather than how to do it. Guidance lacks specific UI instructions, tool-grounded steps, or concrete examples a facilitator can execute in real time.

[Example: to be updated]

Overall Quality

Lacks polish / not client-ready

- Reads as if it wasn't reviewed before being shared

[Example: to be updated]
